

Roadmap until Final Exam

Just under three weeks to the final exam! OMG!

- Week 11
 - continue time series in lecture
 - assignment 2 due on Thursday!
- Week 12
 - lecture:
 - wrap up time series;
 - provide general feedback on assignment 2;
 - cover practice exam in lecture
 - another quiz: week 12 quiz, runs as usual
 - comp labs:
 - do some cool out-of-sample forecasting of Australian inflation
- post-lecture period ('week 13')
 - we will post you marks on Wattle for assignment 2 and participation either late week 12 or early week 13
 - extra exam consultations (see below)

Consultations

There's still quite a few opportunities for you to seek help on any questions related to the course

Please feel free to come visit us during any of the following days/times/locations:

- weeks 10 to 12
 - Wednesdays 3.05-3.55pm @ Arndt 1010 (computational, Alex)
 - Fridays 3.00-4.00pm @ Arndt 1022 (non-computational, Juergen)
- post-lecture period (week 13)
 - Tuesday 28 May, 12.30-2.00pm @ Arndt 1022 (Juergen)
 - Thursday 30 May, 12.30-2.00pm @ Arndt 1022 (Juergen)

We're happy to help!

Assessment items: questions or concerns

I would like to ask you to please raise any questions or concerns you may have about any of the following assessment items:

- week 3, 5, or 9 quizzes
- assignment 1

by Friday 24 May 4.00pm (end of week 12)

This includes questions/concerns about your mark

See me at consultation/lectures or email to EMET2007@anu.edu.au

We will not entertain requests for review of the above assessment items after this deadline

Assessment items: questions or concerns

Likewise, please raise any questions or concerns you may have about any of the following assessment items:

- week 12 quiz
- assignment 2
- participation

by Friday 31 May 4.00pm

This includes questions/concerns about your mark

See me at consultation (week 13) or email to EMET2007@anu.edu.au

We will not entertain requests for review of the above assessment items after this deadline

The goal is to give you ample opportunity to have all your questions answered and concerns addressed **before** the final exam
