

Week 3 Quiz

There will be a Wattle based quiz in week 3

Covers course material (lecture, workshop, labs) from weeks 1 and 2

Logistics:

- runs via Wattle (NOT my Github site!)
- 15 question multiple choice test
- becomes available 9:00am on Wednesday of week 3
- shuts down at **3:00pm** on Thursday of week 3
- during this 30 hour time window you can attempt the quiz once, and you have 60 minutes to complete it
- Don't start after 2:00pm on Thursday: you will not have the full 60 minutes!
- You will receive your mark Thursday afternoon after the quiz closes
